Proposal for New Member

Proposing a new member for Synergy Network is a simple process. All you need to do is complete the following form and send it along by e-mail to our Membership Chair, Gregg Becker at membership@synergynetwork.org.

Membership Guidelines (Article III Guidelines):

Is this person a decision-maker/influencer? Is this person prominent in his/her industry? Is this person recognized in his/her profession? What can this person add to the Synergy Network? What is the likelihood of this person precluding access to superior candidates representing the same industry, company or profession? Is this person involved in the community, boards, etc.? How well is this industry/profession already represented in Synergy? Is there a possible conflict with an existing member? Has this person been active in the broader Edmonton community (eg. Not for profit service, and so on)?

Once we receive the membership application, it will be vetted through the membership committee and a recommendation will be made to executive. Please keep in mind that you must bring a proposed member as a guest to at least two breakfast meetings. You can contact the membership chair with any questions you have.
